EXPERIENCE

August 2021 - Current

Elta Solutions - Lagos, Nigeria

Software Developer

Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.

Revised, modularized, and updated old code bases to modern development standards, reducing operating costs, and improving functionality.

Collaborated on stages of the systems development lifecycle from requirement gathering to production releases.

Coordinated with project management on database development timelines.

July 2019 - Current

Altara Credit Limited

Software Engineer

Built RESTful APIs that served data to the JavaScript front-end based on dynamically chosen user inputs that handled over 800 concurrent users

Coordinated with other engineers to evaluate and improve software and hardware interfaces.

Reviewed project specifications and designed technology solutions that met or exceeded performance expectations.

Promoted experience with Kubernetes, Docker and Amazon Web Services.

Integrated third-party tools and components into applications.

SKILLS

HTML

Laravel
